 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; (Not applicable to the Company during the audit period)
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; (Not applicable to the Company during the audit period)
- (vi) Other Laws specific applicable:
 - a) Bye-laws, Rules, Regulations, Guidelines, Circulars & Notifications issued by SEBI, Stock Exchanges, Depositories and applicable to Depository Participant & Registered Broker

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India with respect to Board, Committee(s) and General Meeting(s);
- (ii) The Securities and Exchange Board of India (Listing Obligations & Disclosure Requirements) Regulations, 2015.

AVONMORE CAPITAL & MANAGEMENT SERVICES LIMITED

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above to the extent applicable except:

The NSE/BSE vide their e-mail/letter dated 17th March, 2025 has intimated that the Company was non-compliant/late compliant with regulation 17(1A) of SEBI (Listing Obligations and Disclosure Requirements) Regulation 2015 for appointment of Mr. Surinder Singh Kohli, as non-executive director beyond the age of seventy-five years on 12.08.2024, to which NSE and BSE imposed a fine of Rs. 92,040/- inclusive of GST each. The company made representation(s) for waiver of fine imposed to both the exchanges but NSE has rejected company request for waiver and the company has paid fine of Rs. 92,040/- to NSE on 04.07.2025. Response by the company to the waiver request from BSE is still awaited.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors during the audit period. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent seven days in advance generally, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Decisions at the Board or Committee Meetings were carried out unanimously except in such case where dissent of Director(s) was recorded specifically.

Based on the compliance mechanism established by the company and on the basis of Compliance Certificate(s) issued by the company secretary and taken on record by the Board of Directors at the meeting(s), we are of the opinion that the management has systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period, there was no specific event/action in pursuance of the above referred laws, rules, regulations, guidelines, etc. having a major bearing on the Company's affairs except;

1. The Company has altered its Memorandum of Association (MOA) by increase in authorized share capital and reclassification of shares in compliance with the provisions of Companies Act, 2013.
2. The Compensation Committee of the Board of Directors made allotment of 8,74,630 equity shares of Rs. 6/- each fully paid up under the Company's Almondz Global Securities Employees Stock Option Scheme 2007 on 21.05.2024;

MANAGEMENT DISCUSSION & ANALYSIS REPORT

FORWARD LOOKING STATEMENTS

The statements in the “Management Discussion and Analysis Report” describe the Company’s objectives, projections, expectations, estimates or forecasts which may be “forward-looking statements” within the meaning of the applicable laws and regulations. Actual results may differ substantially or materially from those expressed or implied therein due to risks and uncertainties. Important factors that could influence the Company’s operations, inter alia, include global and domestic demand and supply conditions affecting selling prices of finished goods, input availability and prices, changes in government regulations, tax laws, economic, political developments within the country and other factors such as litigations and industrial relations.

Global Outlook

Global economic growth is projected to remain steady at 3.3% in both 2025 and 2026, lower than the pre-pandemic average of 3.7%. While this suggests some stability, the overall outlook remains uneven across regions, with persistent downside risks and policy challenges.

The United States continues to outperform expectations, supported by strong consumer demand, resilient labor markets, and improved financial conditions. Growth is projected at 2.7% in 2025, 0.5 percentage points higher than earlier estimates. In contrast, the Euro Area faces slower growth, projected at 1.0% in 2025, weighed down by weak manufacturing output, geopolitical tensions, and political uncertainty. A modest recovery to 1.4% is expected in 2026, driven by improved confidence and easing financial conditions.

Among emerging markets, India remains a bright spot, maintaining strong and stable growth at 6.5% for both years, reflecting robust domestic demand and structural momentum. China’s growth is forecast at 4.6% in 2025, slightly up from earlier projections, helped by fiscal stimulus, although concerns persist around the property market and subdued consumption. Growth in other regions remains mixed. Latin America is expected to see a slight uptick in 2025 despite slowdowns in larger economies, while Saudi Arabia’s forecast has been revised down due to extended oil production cuts. Sub-Saharan Africa shows gradual improvement, whereas emerging Europe may experience some slowing.

Global inflation is expected to decline to 4.2% in 2025 and 3.5% in 2026, although progress varies. Advanced economies are expected to return to target ranges faster, while inflation remains more persistent in some emerging markets. Core goods inflation has eased globally, but services inflation remains elevated, especially in the U.S. and Europe. As a result, central banks are proceeding cautiously with policy rate cuts. A few are even tightening rates, depending on inflation dynamics and currency movements.

The economic outlook is shaped by a complex mix of risks:

- Sticky inflation could delay monetary easing
- Trade tensions and geopolitical instability, particularly in the Middle East, add volatility

- Political uncertainty and policy shifts in major economies are affecting investor confidence

Trade volumes are expected to grow more slowly, due to rising trade policy uncertainty, though some of the impacts are expected to be temporary. Commodity prices, particularly oil, are projected to decline due to weak demand and strong non-OPEC supply, while food prices may rise due to adverse weather.

Indian Economic and Outlook

India’s economy is poised for steady growth, with real GDP projected to expand by 6.3% in FY2025–26 and 6.4% in FY2026–27. This growth is underpinned by robust domestic demand, particularly rising private consumption, supported by higher real incomes, lower personal income taxes, and improvements in the labour market. Investment activity is also expected to remain strong, aided by declining interest rates and high public capital spending.

While domestic fundamentals remain solid, external challenges loom. The merchandise trade deficit has widened, though services exports and remittances continue to provide support. Higher US tariffs and growing trade policy uncertainty could weigh on export-oriented sectors like textiles, chemicals, and electronics. However, since exports constitute a modest share of India’s GDP, the broader economic impact is expected to be contained.

Inflation is forecast to remain around 4%, well within the RBI’s target band. Recent moderation in food and fuel prices, along with a balanced output gap, has helped ease price pressures. The RBI has started easing policy rates, with further cuts likely in 2025, creating a more supportive environment for growth.

The labour market remains resilient, with increasing participation and strong employment gains in IT, retail, and financial services. However, climate-related risks—particularly the monsoon—pose threats to rural incomes, inflation, and overall economic activity. The current account deficit remains manageable, and financial conditions are gradually improving.

The Union Budget 2025–26 charts a moderate fiscal consolidation path, aiming to reduce the central government deficit from 4.8% to 4.4% of GDP. Higher revenues from improved tax compliance and reduced subsidies are expected to create fiscal space while maintaining capital and defence spending.

While the near-term outlook is positive, structural reforms are essential to sustain long-term growth. Key priorities include:

- Rationalising subsidies and phasing out inefficient tax expenditures to free resources for public investment, social protection, and labour market initiatives.
- Improving female labour force participation, which rose from 17.5% in FY2017–18 to 31.7% in FY2023–24. Further gains require better access to childcare, transport, skills training, and safe working environments.
- Advancing trade liberalisation, including simplifying customs procedures and reducing tariffs, to boost competitiveness and encourage investment in tradable sectors.

- Enhancing logistics and digital infrastructure, while reducing regulatory uncertainty, especially in tax administration, to strengthen the business environment.
- Expanding access to long-term finance, including through capital market deepening and improved credit access for small and medium enterprises (SMEs).

Risks remain, particularly from climatic uncertainties, volatile global commodity prices, and trade tensions, especially with the United States. A weak monsoon could lead to higher food inflation and depress rural demand. On the external front, rising tariffs may dampen investor sentiment and reduce export growth.

On the upside, stronger remittance flows, better-than-expected infrastructure implementation, and investment inflows could lift growth beyond projections. Fiscal discipline, combined with reforms aimed at raising productivity and inclusion, will be crucial to realising India's full economic potential.

Industry Structure and Developments (Including Economic Overview)

FY 2024-25 was transformative for India's financial sector. Despite brief global disruptions, the Indian economy progressed with GDP growth above 7%. Domestic demand—spanning consumption, private capex, and government infrastructure spending—remained a key driver. The NBFC sector navigated evolving regulatory requirements—including tighter RBI liquidity standards and SEBI compliance for listed entities—while benefitting from an expanding credit market and heightened capital market activity. Avonmore, with its presence in fee-based advisory and lending, was also an indirect beneficiary of increased corporate capital raising and broader investor participation.

Avonmore actively communicated all required statutory information to the stock exchanges, including half-yearly financials, board-approved actions related to capital raising, and compliance updates. The company's disclosures consistently highlighted operational progress and prudent governance throughout the year.

Opportunities and Threats

Opportunities

- Capex momentum nationwide provided mandates for Avonmore's investment banking and infra-consulting arms.
- An uptick in IPO, FPO, etc., placements, and financial advisory assignments strengthened fee revenues.
- Advanced digital transformation across lending operations allowed for higher cost efficiency and enhanced risk analytics.
- Avonmore's near debt-free balance sheet empowered opportunistic growth, especially in market volatility.

Threats

- Volatile capital market conditions in Q3 and global risk-off modes threatened both proprietary trading income and transaction volumes.

- Increasing competition from fintech NBFCs and aggressively digital capital market players put pricing pressure on traditional services.
- More stringent regulatory scrutiny and frequent changes in compliance norms (as reflected in regular exchange intimations) demanded heightened internal vigilance.
- Macro risks—inflation, currency swings, and global rate hikes—occasionally disrupted capital market sentiment and delayed large institutional deals.

Segment-wise or Product-wise Performance

Capital Market Services (via Almondz Global Securities)

- Accounted for the majority of group revenue and profit, with key revenue drivers including equity and debt syndication, IPO/FPO management, and bespoke advisory.
- Q2 and Q4 saw uptick in mandates, corresponding with peak equity market sentiment and successful government/private deals.

Lending

- Continued slow and steady expansion, focused on secured mid-market lending.

Infra Consulting and Subsidiaries

- Almondz Global Infra-Consultant Ltd. secured several new government and large private contracts, leveraging India's infra thrust.
- Almondz Finanz extended credit and proprietary investments, consolidating as a 100%-held group subsidiary during the year.

Green Fuel and Ethanol

Premier Green Innovations Private Limited (PGIPL) contributed to Avonmore Capital's green fuel business and overall performance in FY 2024-25 in several ways:

- PGIPL operates a modern, grain-based distillery in Himachal Pradesh with an expanded capacity and a Zero Liquid Discharge (ZLD) system, underscoring its commitment to clean and sustainable manufacturing. This supports Avonmore's green fuel portfolio by supplying high-quality grain ENA, ethanol, and other alcohol products.
- The company is setting up a dedicated 200 KLPD ethanol plant, enhancing Avonmore's capacity to supply ethanol for blending with conventional fuels. This aligns with government targets for greener fuel solutions and supports Avonmore's goal to expand in the clean energy segment.
- PGIPL is pursuing a new Greenfield project in Odisha to further increase ethanol supply and contribute to national blending mandates, reinforcing Avonmore's positioning in the green fuel industry.
- The company is certified with international standards (FSSC 22000 and ISO TS 22002-1:2009) and emphasizes eco-friendly production and technological advancement, which

helps Avonmore deliver quality, compliant, and sustainable products.

- Through operational excellence, forward integration in bottling, and expansion plans, PGIPL has strengthened Avonmore's performance by enabling access to new markets and improving customer satisfaction in the green fuel and beverage sectors.

Overall, PGIPL's initiatives and investments have played a pivotal role in enhancing Avonmore Capital's capacity, reputation, and growth in the green fuel business, significantly contributing to the group's sustainability strategy and operational performance for FY 2024-25.

Other Businesses

- Contributions from real estate and apparel subsidiaries were nominal; however, these platforms are maintained for long-term strategic flexibility.

Outlook (Business Outlook FY 2025-26)

Avonmore is well-positioned for the coming fiscal year due to:

- Further anticipated market deepening and revival of IPO/NCD cycles.
- Positive fallout from India's infrastructure mission and digital economic acceleration, giving tailwinds to both lending and advisory businesses.
- Additional capital raising proposal through the preferential issue of warrants, further enhancing growth headroom.
- Continued focus on digitizing customer acquisition and internal controls to drive both reach and regulatory compliance.
- The group expects to defend profit margins and grow market share, provided external disruptions remain moderate and regulatory clarity persists.

Risks and Concerns

- Market Risk:** High dependence on capital markets means proprietary and advisory income is vulnerable to sharp corrections or liquidity freezes. The risk management team remains vigilant with daily monitoring and scenario planning, as noted in regular board updates.
- Regulatory Risk:** Ongoing compliance with RBI/SEBI directions—including exchange reporting, capital requirements, and disclosure norms—requires continuous investment in systems and staff training.
- Credit Risk:** Lending books are closely watched for asset quality, with risk-adjusted pricing and strict collateralization as key mitigants.
- Operational Risk:** Risks of fraud or lapses in internal controls are countered by digital audit trails, robust IT infrastructure, and frequent external/internal audits.

Internal Controls, Risk Management, and IFC

- Avonmore's Board and executive management have institutionalized risk management framework, as "internal control" Comunerating with size of Company.

- The company regularly tests and upgrades its Internal Financial Control (IFC) processes, with annual independent audits and certification.
- Key material events, changes in financials, and governance matters are shared with exchanges, adhering to regulatory requirements and promoting transparency.
- Automation, real-time compliance monitoring, and board-level oversight constitute the backbone of the company's effective risk management architecture.

Discussion on Financial Performance with Respect to Operational Performance

- Revenue:** For FY25, Avonmore recorded consolidated revenue of ₹ 181.56 crore, powered by an upswing in capital market mandates (Q2 and Q4), lending revenue, and new infra-consulting contracts.
- Profitability:** Profit after Tax stood at ₹ 37.58 crore supported by cost containment, process automation, and higher-yielding mandates.
- Cash Generation:** Free cash flows improved, as collection efficiency stayed high and working capital cycles shortened.
- Balance Sheet:** The group ended the year nearly debt-free, with a total asset base of ₹ 580 crore and strengthened net worth due to retained earnings and a successful capital-raising program.

Material Developments in Human Resources / Industrial Relations

- Consolidated Headcount increased to 250+ by March 2025, driven by expansion in advisory, infra-consulting, and technology teams.
- No industrial disputes were reported; employee morale and retention metrics remained robust, attributed to pay-for-performance policies, ESOP expansion, and upskilling initiatives.
- Disclosures on appointments, retirements, and key HR actions were periodically communicated to exchanges, reinforcing a culture of transparency and accountability.
- Emphasis on diversity, digital upskilling, and staff wellness continued, supporting the group's drive for operational excellence.
- Progressive HR policies—including flexible work arrangements and leadership development—were rolled out and discussed in internal reviews and exchange filings.

Independent Auditor's Report

To the Members of M/s. Avonmore Capital & Management Services Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **M/s. Avonmore Capital & Management Services Limited ("the Company")** which comprises the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity, the statement of cash flows for the year ended on that date, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information. (herein after referred to as the 'Ind AS financial statements')

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, **profit** and total comprehensive **Income**, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended March 31, 2025. In our opinion, there are no key audit matters to be communicated in our report.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the Ind AS financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's Responsibilities Relating to Other Information'.

Management Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud

or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has an adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Our opinion on the standalone financial statements is not modified in respect of the above matter on the comparative financial information.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b. In our opinion, proper books of account as required by law have been kept by the Company.
- c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d. In our opinion, the aforesaid financial statements comply with the IndAS specified under Section 133 of the Act.
- e. On the basis of the written representations received from the directors as on 31st March 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- f. With respect to the matters to be included in the Auditor's Report in accordance with the requirements of the section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- g. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial controls over financial reporting.

h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements – **Refer Note 33** to the financial statements.
- ii) As informed to us, the company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii) As informed to us, the company has no amount for transferring to the Investor Education and Protection Fund by the Company.
- iv) (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the

Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- v) With respect to Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014: The Company has maintained its books of account using accounting software which has a feature of recording audit trail (edit log) facility. The audit trail feature has been operated throughout the year for all transactions recorded in the software, and the audit trail has not been tampered with. The audit trail has been preserved by the Company as per the statutory requirements for record retention.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure-B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **M/s. Avonmore Capital & Management Services Limited** ("the Company") as of 31 March 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure-B to the Independent Auditors' Report

M/s. Avonmore Capital & Management Services Limited

The Annexure referred to in our Independent Auditors' Report to the members of the Company on the standalone financial statements for the year ended 31 March 2025. To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- I) In respect of the Company's Property, Plant and Equipment and Intangible Assets.
 - a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.
 - (B) The Company has maintained proper records showing full particulars of intangible assets.
 - b) The Company has a program of physical verification of Property, Plant and Equipment and right-of-use assets. According to the information and explanations given to us, Property, Plant and Equipment and right-of-use assets have been physically verified by the management in a phased manner, designed to cover all the items, which in our opinion, is reasonable having regard to the size of the company and nature of its business. Pursuant to the program, a portion of the Property, Plant and Equipment and right-of-use assets has been physically verified by the management during the year and no material discrepancies between the book's records and the physical Property, Plant and Equipment and right-of-use assets have been noticed.
 - c) The company does not own any immovable property. Therefore, reporting under clause 1(c) of the Order is not applicable.
 - d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets.
 - e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- II) (A) The inventory (consisting shares and securities) has been verified during the year by the management. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were 10% or more in the aggregate for each class of inventory.
- (B) to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working

capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks are in agreement with the books of account of the Company.

- III) The Company has made investments in, companies, firms, Limited Liability Partnerships, and granted unsecured loans to other parties, during the year, in respect of which:
 - a) Since the principal business of the company is to give/ advance loans, therefore reporting under clause 3(iii)(a) of the Order is not applicable.
 - b) In our opinion, the investments made and the terms and conditions of the grant of loans during the year are prima facie, not prejudicial to the Company's interest.
 - c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest have generally been regular as per stipulation.
 - d) In respect of loans granted by the Company, there is no overdue amount of more than 90 days remaining outstanding as at the balance sheet date.
 - e) Since the principal business of the company is to give/ advance loans, therefore reporting under clause 3(iii)(e) of the Order is not applicable.
 - f) The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause 3(iii)(f) is not applicable.
- IV) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.
- V) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- VI) The maintenance of cost records has not been specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause (vi) of the Order is not applicable to the Company.
- VII) In respect of statutory dues:
 - a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.

- b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2025, on account of disputes are given below:

Nature of Statute	Nature of Dues	Forum where Dispute is pending	Period to which amounts relate	Amount in Crores Rs.
----- NIL -----				

- VIII) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

- IX) a) The company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- b) The Company has not been declared a willful defaulter by any bank or financial institution or government or any government authority.
- c) On the basis of examination of the financial statement, the company has applied for the term loans for the purpose for which the loans were obtained.
- d) On an overall examination of the financial statements of the Company, funds raised on a short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
- f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- X) a) The Company has not raised money by way of an initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- XI) a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

- b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- c) We have taken into consideration the whistleblower complaints received by the company during the year (and up to the date of this report), while determining the nature, timing, and extent of the audit procedure.

- XII) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

- XIII) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

- XIV) a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

- b) We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.

- XV) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors. and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

- XVI) a) The Company is already registered under section 45-IA of the Reserve Bank of India Act, 1934.

- b) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

- c) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.

- XVII) The Company has not incurred cash losses during the financial year covered by our audit, however there was cash loss of Rs.0.85 Lakh during the immediately preceding financial year.

- XVIII) There was no resignation of the statutory auditors of the Company during the year.

- XIX) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe

that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- XX) a) Since section 135(5) of the companies' act is not applicable to the company, reporting under clause 3(XX)(a) is not applicable.

- b) Since section 135(5) of the companies' act is not applicable to the company, hence reporting under clause 3(XX)(b) is not applicable.

Notes to the financial statements for the year ended March 31, 2025

Reporting Entity

Avonmore Capital & Management Services Limited ('the Company') is a company domiciled in India, with its registered office situated at Level 5, Grande Palladium, 175 CST Road, Off BKC Kalina, Santacruz Mumbai - 400098. The Company was incorporated in India on September 30, 1991 and is presently listed on the Bombay Stock Exchange ('BSE') and National Stock Exchange ('NSE'). The Company registered with the Reserve Bank of India ('RBI') on October 7, 2008 as a non-deposit accepting non-banking financial corporation ('NBFC') and is involved in the business of providing loans and advances to corporations as well as sub-broker advisory services.

1. Basis of preparation

(i) Statement of compliance with Indian Accounting Standards:

These Ind AS financial statements ("the Financial Statements") have been prepared in accordance with the Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act. The Company has uniformly applied the accounting policies for all the periods presented in these financial statements.

The financial statements for the year ended March 31, 2025 were authorised and approved for issue by the Board of Directors on May 30, 2025.

The significant accounting policies adopted for preparation and presentation of these financial statement are included in Note 2. These policies have been applied consistently applied to all the financial year presented in the financial statements except where newly issues accounting standard is initially adopted or revision to the existing accounting standard requires a change in the accounting policy hitherto in use.

The Balance Sheet, the Statement of Changes in Equity, the Statement of Profit and Loss and disclosures are presented in the format prescribed under Division III of Revised Schedule III of the companies Act, as amended from time to time that are required to comply with Ind AS. The Statement of Cash Flows has been presented as per the requirements of Ind AS 7 Statement of Cash Flow.

The financial statements have been prepared under the historical cost convention and accrual basis, except for certain financial assets and liabilities, defined benefit-plan liabilities and share-based payments being measured at fair value.

(ii) Functional and presentation currency

These financial statements are presented in Indian Rupees ('₹'), which is also the Company's functional currency. All amounts have been rounded-off to the nearest lacs, unless otherwise indicated.

(iii) Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Net defined benefit (asset)/ liability	Fair value of plan assets less present value of defined benefit obligations

(iv) Use of estimates and judgements

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the related disclosures. Actual results may differ from these estimates.

Significant management judgements

Recognition of deferred tax assets – The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilised.

Business model assessment - The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and accordingly prospective change to the classification of those assets are made.

Evaluation of indicators for impairment of assets – The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

Classification of leases – Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease

term reflects the current economic circumstances. After considering current and future economic conditions, the Company has concluded that no changes are required to lease period relating to the existing lease contract.

Expected credit loss (ECL) – The measurement of expected credit loss allowance for financial assets measured at amortised cost requires use of complex models and significant assumptions about future economic conditions and credit behaviour (e.g. likelihood of customers defaulting and resulting losses). The Company makes significant judgements regarding the following while assessing expected credit loss:

- Determining criteria for significant increase in credit risk;
- Establishing the number and relative weightings of forward-looking scenarios for each type of product/market and the associated ECL; and
- Establishing groups of similar financial assets for the purposes of measuring ECL.

Provisions – At each balance sheet date, based on the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgment.

Significant estimates

Useful lives of depreciable/amortisable assets – Management reviews its estimate of useful lives, residual values and method of depreciation of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of assets.

Defined benefit obligation (DBO) – Management's estimate of the DBO is based on several underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurements – Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

2.1 Summary of significant accounting policies

(i) Cash and cash equivalents

Cash and cash equivalents consist of cash, bank balances in current and short term highly liquid investments that are readily convertible to cash with original maturities of three months or less at the time of purchase.

(ii) Provisions, contingent liabilities and contingent assets

Provisions are recognised only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

(iii) Provisions for standard and non-performing assets

Provisions for standard and non-performing assets are created in accordance with the Non-Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2007.

Further, specific provisions are also created based on the management's best estimate of the recoverability of non-performing assets.

(iv) Property, plant and equipment

Recognition and initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are recognised in statement of profit and loss.

Subsequent measurement (depreciation method, useful lives and residual value)

Property, plant and equipment are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on property, plant and equipment is provided on the straight-line method over the useful life of the assets as prescribed under Part 'C' of Schedule II of the Companies Act, 2013.

Asset class	Useful life
Building	60 years
Plant and machinery	15 years
Office equipment	5 years
Computer equipment	3 years
Furniture and fixtures	10 years
Vehicles	8-10 years

Depreciation is calculated on pro rata basis from the date on which the asset is ready for use or till the date the asset is sold or disposed.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in the statement of profit and loss, when the asset is de-recognised.

Capital work-in-progress

Capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses to acquire property, plant and equipment. Assets which are not ready for intended use are also shown under capital work-in-progress.

(v) Intangible assets

Recognition and initial measurement

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price including license fees paid, import duties and other taxes (other than those subsequently recoverable from taxation authorities), borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

Subsequent measurement (amortisation method, useful lives and residual value)

Intangible assets are amortised over a period of 3 years from the date when the assets are available for use. The estimated useful life (amortisation period) of the intangible assets is arrived basis the expected pattern of consumption of economic benefits and is reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

Investment Property

Property that is held to earn rentals and for capital appreciation. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized. Subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16's requirements for cost model.

(vi) Revenue recognition

Revenue is recognised upon transfer of control of promised product or services to customer in an amount that reflect the consideration which the company expects to receive in exchange for those product or services at the fair value of the consideration received or receivable, which is generally the transaction price, net of any taxes/duties and discounts.

Revenue from related parties is recognised based on transaction price which is at arm's length.

The Company does not disaggregate its revenue from contracts with customers by industry verticals and nature of services.

Loans advanced/Interest bearing securities and deposits

Revenues are recognised as earned on a day-to-day basis.

In case of interest on investments held as stock in trade, broken period interest on every purchase or sale is split from the price as accrued interest paid or realised. Such broken period accrued interest paid on purchase & received subsequently on its sale is netted and reckoned as income.

Advisory and consultancy services

Fee is booked on the completion of task/project as per the terms of agreement. However, where the percentage of completion is significant enough to ascertain the outcome reliably, revenue is recognised to the extent it can be accurately measured.

Trading activities

In the case of trading in bonds, the profit/ loss from the transaction is recognised on the closure of the deal and consequent delivery of the bond.

Revenue on account of trading in shares is recognised on the basis of each trade executed at the stock exchange during the financial year.

In respect of non-delivery based transactions such as derivatives and intraday, the profit and loss is accounted for at the completion of each settlement, however in case of an open settlement the net result of transactions which are squared up on FIFO basis is recognised as profit/loss in the account.

Income from non-performing assets

Income from non-performing assets are recognised as per the guidelines of the RBI on prudential norms for income recognition of NBFCs.

Penal interest on delayed payments

They are recognised on cash basis.

Other interest income

Interest income is recognised on time proportion basis considering the amount outstanding and the rate applicable.

Dividend

Revenue is recognised when the company's right to receive payment is established by the balance sheet date.

Other revenue

In respect of other heads of income, the Company follows the practice of recognising income on accrual basis.

Revenues recognised are net of GST wherever applicable.

(vii) Expenses

Expenses are recognised on accrual basis and provisions are made for all known losses and liabilities. Expenses incurred on behalf of other companies, in India, for sharing personnel, common services and facilities like premises, telephones, etc. are allocated to them at cost and reduced from respective expenses.

Similarly, expenses allocation received from other companies is included within respective expense classifications.

(viii) Borrowing costs

Borrowing costs that are directly attributable to the acquisition and/or construction of a qualifying asset, till the time such qualifying assets become ready for its intended use, are capitalised. Borrowing costs consists of interest and other cost that the Company incurred in connection with the borrowing of funds. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss as incurred basis the effective interest rate method.

(ix) Taxation

Tax expense recognised in Statement of Profit and Loss comprises the sum of deferred tax and current tax except to the extent it recognised in other comprehensive income or directly in equity.

Current tax comprises the tax payable or receivable on taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. Current tax is computed in accordance with relevant tax regulations. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received after considering uncertainty related to income taxes, if any. Current tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum alternate tax ('MAT') credit entitlement is recognised as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purposes and corresponding amount used for taxation purposes. Deferred tax assets are recognised on unused tax loss, unused tax credits and deductible temporary differences to the extent it is probable that the future taxable profits will be available against which they can be used. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset

is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date to recover or settle the carrying amount of its assets and liabilities. Deferred tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity).

(x) Employee benefits

Short-term employee benefits

Short-term employee benefits including salaries, short term compensated absences (such as a paid annual leave) where the absences are expected to occur within twelve months after the end of the period in which the employees render the related service, profit sharing and bonuses payable within twelve months after the end of the period in which the employees render the related services and non-monetary benefits for current employees are estimated and measured on an undiscounted basis.

Post-employment benefit plans are classified into defined benefits plans and defined contribution plans as under:

Defined contribution plans

The Company has a defined contribution plans namely provident fund, pension fund and employees state insurance scheme. The contribution made by the Company in respect of these plans are charged to the Statement of Profit and Loss.

Defined benefit plans

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. Under the defined benefit plans, the amount that an employee will receive on retirement is defined by reference to the employee's length of service and last drawn salary. The legal obligation for any benefits remains with the Company, even if plan assets for funding the defined benefit plan have been set aside. The liability recognised in the statement of financial position for defined benefit plans is the present value of the Defined Benefit Obligation (DBO) at the reporting date less the fair value of plan assets. Management estimates the DBO annually with the assistance of independent actuaries. Actuarial gains/losses resulting from re-measurements of the liability/asset are included in other comprehensive income.

Other long-term employee benefits

The Company also provides the benefit of compensated absences to its employees which are in the nature of long-term employee benefit plans. Liability in respect of compensated absences becoming due and expected to avail after one year from the Balance Sheet date is estimated in the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method as on the reporting date. Actuarial gains and losses arising from experience and changes in actuarial assumptions are charged to Statement of Profit and Loss in the year in which such gains or losses are determined.

However, the Company does not encash compensated absences.

(xi) Leases

Company as a lessee

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the ROU asset arising from the head lease.

For operating leases, rental income is recognised on a straight-line basis over the term of the relevant lease.

(xii) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss (interest and other finance cost associated) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xiii) Foreign currency

Transactions and balances

Foreign currency transactions are translated into the functional currency, by applying the exchange rates on the foreign currency amounts at the date of the transaction. Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction.

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognised in the Statement of Profit and Loss in the year in which they arise.

Transition to Ind AS

The Company has elected to exercise the option for accounting for exchange differences arising from translation of long-term foreign currency monetary items recognised in the financial statements for the period ending immediately before the beginning of the first Ind AS financial reporting period as per the previous GAAP.

(xiv) Impairment of assets

a) Impairment of non-financial assets

The company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing

for an asset required, the company estimates the assets recoverable amount. An asset's recoverable is the higher of an asset's fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets.

If such assets are impaired, the impairment to be recognised in the statement of Profit and loss is measured by the amount by which the carrying amount value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) has no impairment loss been recognised for the asset in prior years.

b) Impairment of financial assets

Loan assets

The company recognises loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit and loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The company applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the company does not track changes in credit risk, but instead recognise a loss allowance based on lifetime ECLs at each reporting date. The company established a provision matrix that is based on its historical credit loss experience, adjusted for forward looking factors specific to the debtors and the economic environment.

For all other financial assets, expected credit loss are measured at an amount equal to the 12 month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in the statement of profit and loss.

(xv) Financial instruments

A Financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs. Subsequent measurement of financial assets and financial liabilities is described below.

Non-derivative financial assets

Subsequent measurement

i. **Financial assets carried at amortised cost** – a financial asset is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss.

ii. **Investments in equity instruments** – Investments in equity instruments which are held for trading are classified as at fair value through profit or loss (FVTPL). For all other equity instruments, the Company makes an irrevocable choice upon initial recognition, on an instrument by instrument basis, to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL). Amounts presented in other comprehensive income are not subsequently transferred to profit or loss. However, the Company transfers the cumulative gain or loss within equity. Dividends on such investments are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment.

De-recognition of financial assets

Financial assets (or where applicable, a part of financial asset or part of a group of similar financial assets) are de-recognised (i.e. removed from the Company's balance sheet) when the contractual rights to receive the cash flows from the financial asset have expired, or when the financial asset and substantially all the risks and rewards are transferred. Further, if the Company has not retained control, it shall also de-recognise the financial asset and recognise separately as assets or liabilities any rights and obligations created or retained in the transfer.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

First loss default guarantee

First loss default guarantee contracts are contracts that require the Company to make specified payments to reimburse the bank and financial institution for a loss it incurs because a specified debtor fails to make payments when due, in accordance with the terms of an agreement. Such financial guarantees are given to banks and financial institutions, for whom the Company acts as 'Business Correspondent'.

These contracts are initially measured at fair value and subsequently measure at higher of:

- The amount of loss allowance (calculated as described in policy for impairment of financial assets)
- Maximum amount payable as on the reporting date to the respective bank/financial institution which is based on the amount of loans overdue for more than 75-90 days in respect to agreements with banks and financial institutions.

Further, the maximum liability is restricted to the cash outflow agreed in the agreement.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(xvi) Operating segments

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the Company), whose operating results are regularly reviewed by the Company's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available. Operating segments of the Company are reported in a manner consistent with the internal reporting provided to the CODM.

(xvii) Stock-in-trade

A financial instrument is classified as held for trading if it is acquired or incurred principally for selling or repurchasing in the near term, or forms part of a portfolio of financial instruments that are managed together and for which there is evidence of short-term profit taking, or it is a derivative not designated in a qualifying hedge relationship. Trading derivatives and trading securities are classified as held for trading and recognised at fair value.

2.2 New standards or amendments to the existing standards and other pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As on 31st March 2025, there is no new standard notified or amendment to any of the existing standards under Companies (Indian Accounting Standards) Rules, 2015.

35 Operating segments

A Basis of segmentation

Segment information is presented in respect of the Company's key operating segments. The operating segments are based on the Company's management and internal reporting structure. The chief operating decision maker identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly. All operating segments' operating results are reviewed regularly by the Board of Directors to make decisions about resources to be allocated to the segments and assess their performance.

The Board of Directors examines the Company's performance both from a product and geographic perspective and have identified the following reportable segments of its business:

The following summary describes the operations in each of the Company's reportable segments:

Reportable segments	Operations
Fees and commission	It comprises broking/commission/underwriting/arranger fees mainly in the nature of services involving no or negligible financial risk.
Income from investment activities	It comprises dividend received, interest on fixed deposits and profit on sale of investments.
Debt and equity market operations	It includes profit on trading activities.
Finance activities	It includes interest income on loan given.

B Information about reportable segments

Segment assets, segment liabilities and Segment profit and loss are measured in the same way as in the financial statements.

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit (before tax), as included in the internal management reports that are reviewed by the Group's Board of Directors. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing, if any, is determined on an arm's length basis.

36 Contingent liabilities, contingent assets and commitments

A Contingent liabilities

	As at March 31, 2025	As at March 31, 2024
Corporate guarantee issued for Almondz Global-Infra Consultant Limited to Bank of Baroda	-	562.84
	-	562.84

B Financial Guarantee contracts (FGCs) as per Ind AS 109

The Company has given corporate guarantees of Rs.Nil lac (Previous year Rs.562.84 lac) to the lenders of AGICL, subsidiary of the Company(AGSL).

As per Ind AS109, Financial Guarantee contracts are realised at fair value. The fair value of the guarantee will be the present value of the difference between the net contractual cash flows required under the loan & the net contractual cash flows that would have been required without the guarantee.

The corporate guarantee issued by the company was merely to fulfil the requirements of loan. It would not have resulted in savings in the interest rates.

Therefore the fair value of guarantee which represents the difference in the PV of interest payment over the period is NIL.

As per Ind AS 109, FGCs should be initially recognised at fair value. Normally the transaction price is usually the fair value unless it is contrary to arm's length price. In our case, it is not possible to reliably identify the market price for similar financial guarantee identical to those its parent has given to its subsidiary.

Alternatively fair value can also be determined by estimating using a probability adjusted discounted cash flow analysis. However in our case this method too would not be applicable as the management of ACMS (Parent co issuing corporate guarantee on behalf of its subsidiary) intend that there is no probability of default by its subsidiaries due to its strong order book & cash flows in the foreseeable future. So making a small provisioning of loss would not have any material impact in the books of either parent or subsidiary companies.

However management intend to review the position on every balance sheet date over the period of guarantee & make suitable entries in the books of accounts if required, to comply with provisions of Ind as 109 on FGC. In lieu of the above explanations, no financial entry has been made either in the books of parent or subsidiary co either at the date of inception or on balance sheet date.

B Commitments

The Company does not have any commitments as at March 31, 2025 and March 31, 2024.

Contribution to provident fund (Refer note 31)	0.94	0.90

B. Defined benefit plan:

Gratuity

The Company operates a post-employment defined benefit plan for Gratuity. This plan entitles an employee to receive half month's salary for each year of completed service at the time of retirement/exit. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognize each period of service as giving rise to additional employee benefit entitlement and measures each unit separately to build up the final obligation.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at 31 March 2025. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

A. The following table set out the status of the defined benefit obligation

	March 31, 2025	March 31, 2024
Net defined benefit liability		
Liability for gratuity	21.42	18.11
Total employee benefit liabilities	21.42	18.11
Non-current	17.43	15.99
Current	3.98	2.13

B. Reconciliation of the net defined benefit liability

The following table shows a reconciliation from the opening balances to the closing balances for net defined benefit (asset) liability and its components:

C. Plan assets

The plan assets of the Company are managed by Tata AIA Life Insurance through a trust managed by the Company in terms of an insurance policy taken to fund obligations of the Company with respect to its gratuity plan.

Plan assets comprises of the following:

	March 31, 2025	% of Plan assets	March 31, 2024	% of Plan assets
Funds managed by insurer	1.09	100%	1.04	100%

On an annual basis, an asset-liability matching study is done by the Company whereby the Company contributes the net increase in the actuarial liability to the plan manager in order to manage the liability risk.

D. Actuarial assumptions

a) Economic assumptions

The principal assumptions are the discount rate and salary growth rate. The discount rate is based upon the market yields available on government bonds at the accounting date with a term that matches that of liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis. Valuation assumptions are as follows which have been selected by the company.

	March 31, 2025	March 31, 2024
Discount rate	6.51%	7.09%
Expected rate of future salary increase	7.50%	7.50%

The discount rate has been assumed at 'March 31, 2025 :6.51% (31 March 2024: 7.50%) which is determined by reference to market yield at the balance sheet date on government securities. The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

b) Demographic assumptions

	March 31, 2025	March 31, 2024
i) Retirement age (years)	65	65
ii) Mortality rates inclusive of provision for disability	IALM (2012-14)	IALM (2012-14)
iii) Withdrawal rate	11.00%	11.00%

E. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	As at March 31, 2025		As at March 31, 2024	
	Increase	Decrease	Increase	Decrease
Discount rate (1.00% movement)	-1.01	1.11	-0.97	1.07
Future salary growth (1.00% movement)	0.89	-0.78	0.61	-0.87
Withdrawal rate (1.00% movement)	0.06	0.07	0.06	0.08

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

Sensitivities due to mortality and withdrawals are not material and hence impact of change not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement.

Description of risk exposures:

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such company is exposed to various risks as follow -

- A) Salary Increases- Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- B) Investment Risk – If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.

Notes to the standalone financial statements for the year ended March 31, 2025

(All amounts are in Rupees in lac, unless otherwise stated)

- C) Discount Rate: Reduction in discount rate in subsequent valuations can increase the plan's liability.
- D) Mortality & disability – Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
- E) Withdrawals – Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

Level 1: It includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments.

Notes to the standalone financial statements for the year ended March 31, 2025

(All amounts are in Rupees in lac, unless otherwise stated)

The Company's borrowings have been contracted at floating rates of interest. Accordingly, the carrying value of such borrowings (including interest accrued but not due) which approximates fair value.

The carrying amounts of trade receivables, trade payables, cash and cash equivalents and other financial assets and liabilities, approximates the fair values, due to their short-term nature. Fair value of non-current financial assets which includes bank deposits (due for maturity after twelve months from the reporting date) and security deposits is similar to the carrying value as there is no significant differences between carrying value and fair value.

The fair value for security deposits were calculated based on discounted cash flows using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

Valuation processes

The Management performs the valuations of financial assets and liabilities required for financial reporting purposes on a periodic basis, including level 3 fair values.

b). Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Interest rate risk

Risk management framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors have authorised senior management to establish the processes and ensure control over risks through the mechanism of properly defined framework in line with the businesses of the company.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risks limits and controls, to monitor risks and adherence to limits. Risk management policies are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company has policies covering specific areas, such as interest rate risk, credit risk, liquidity risk, and the use of derivative and non-derivative financial instruments. Compliance with policies and exposure limits is reviewed on a continuous basis.

Risk	Measurement	Risk management
Credit risk	Credit limit and ageing analysis	Highly rated bank deposits and diversification of asset base and collaterals taken for assets
Liquidity risk	Cash flow forecasts	Committed borrowing and other credit facilities and sale of loan assets (whenever required)
Market risk - interest rate	Sensitivity analysis	Review of cost of funds and pricing disbursement

(i) Credit risk

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the balance sheet

Particulars	As at March 31, 2025	As at March 31, 2024
Trade receivables	460.65	476.72
Cash and cash equivalents	758.39	21.43
Investments	5,396.13	5,799.25
Loans	9,737.00	6,758.79
Other financial assets	7.91	3.78

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

The Company's credit risk is primarily to the amount due from customer and investments. The Company maintains a defined credit policy and monitors the exposures to these credit risks on an ongoing basis. Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with scheduled commercial banks with high credit ratings assigned by domestic credit rating agencies.

(All amounts are in Rupees in lac, unless otherwise stated)

b). Financial risk management (continued)

The maximum exposure to the credit risk at the reporting date is primarily from trade receivables. Trade receivables are unsecured and are derived from revenue earned from customers primarily located in India. The Company does monitor the economic environment in which it operates. The Company manages its Credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of customers to which the Company grants credit terms in the normal course of business.

On adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company establishes an allowance for impairment that represents its expected credit losses in respect of trade receivable. The management uses a simplified approach (i.e. based on lifetime ECL) for the purpose of impairment loss allowance, the company estimates amounts based on the business environment in which the Company operates, and management considers that the trade receivables are in default (credit impaired) when counterparty fails to make payments for receivable more than 180 days past due and create provision under provisioning norms of RBI for NBFC.

Since, majority of Company's receivables are from its related parties/ group companies & there have not been any instances of default/ non payment by said companies. Further, the receivables are from entities other than related parties have been regular and there are no defaults. Accordingly, the provision matrix couldn't be applied to calculate a Default Risk Rate and the Company made a provision of 2% on its interest receivables on loan granted following the prudence approach of accounting Trade receivables as at year end primarily relate to revenue generated from lending of loans and interest accrued thereon. Trade receivables are generally realised within the credit period.

This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors. Further, the Company does not anticipate any material credit risk of any of its other receivables.

The Company believes that the unimpaired amounts are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk.

Movement in the allowance for impairment in respect of trade receivables:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Balance at the beginning	11.10	14.01
Impairment loss recognised / (reversed)	(1.71)	-2.91
Balance at the end	9.40	11.10

(ii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company believes that its liquidity position, including total cash (including bank deposits under lien and excluding interest accrued but not due) of Rs. 758.39 lac as at March 31, 2025 (March 31, 2024: Rs.21.43 lac) and the anticipated future internally generated funds from operations will enable it to meet its future known obligations in the ordinary course of business.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Company's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserves of cash and funding from group companies to meet its liquidity requirements in the short and long term.

The Company's liquidity management process as monitored by management, includes the following:

- Day to day funding, managed by monitoring future cash flows to ensure that requirements can be met.
- Maintaining rolling forecasts of the Company's liquidity position on the basis of expected cash flows.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and includes interest accrued but not due on borrowings.

(iii) Market risk

Market risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, the Company mainly has exposure to one type of market risk namely: interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk.

Exposure to interest rate risk

The Company's interest rate risk arises majorly from the term loans from banks carrying floating rate of interest. These obligations expose the Company to cash flow interest rate risk. Since the company has no variable rate instruments in the current year, the company is not exposed to interest rate risk.

43 Capital Management

The Company's capital management objectives are:

- to ensure the Company's ability to continue as a going concern
- to comply with externally imposed capital requirement and maintain strong credit ratings
- to provide an adequate return to its shareholders

For the purpose of the Company's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity holders of the Company.

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

To maintain or adjust the capital structure, the Company may return capital to shareholders, raise new debt or issue new shares.

The Company monitors capital on the basis of the debt to capital ratio, which is calculated as interest-bearing debts divided by total capital (equity attributable to owners of the parent plus interest-bearing debts).

Particulars	As at March 31, 2025	As at March 31, 2024

Independent Auditor's Report

To the Members of M/s. Avonmore Capital & Management Services Limited

Report on the Consolidated Financial Statements

Opinion

We have audited the Consolidated financial statements of **M/s. Avonmore Capital & Management Services Limited** (hereinafter referred to as "the holding company"), its subsidiaries (the holding company and its subsidiaries together referred to as "the group") and its associates, which comprising of the consolidated balance sheet as at 31st March 2025, and the consolidated statement of Profit and Loss (Including Other Comprehensive Income), the consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries and associate the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the consolidated state of affairs of the Group and its associate, as at 31 March 2025, and their consolidated profit (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated IndAS financial statements for the financial year ended March 31, 2025. In our opinion, there are no key audit matters to be communicated in our report.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises of the Annual Report but does not include the consolidated IndAS financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated IndAS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the consolidated IndAS financial statements, or our knowledge obtained in the audit otherwise appears to be materially misstated.

When we read such other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and to comply with the relevant applicable requirements of the standard on auditing for auditor's responsibility in relation to other information in documents containing audited IndAS financial statements. We have nothing to report in this regard.

Management's Responsibility and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated IndAS financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group and its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (IndAS) specified under section 133 of the Act read with [the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated IndAS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated IndAS financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group and its associates are also responsible for overseeing the financial reporting process of the Group and its associates.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional misstatements, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to Ind AS financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that material uncertainty exists, we are required

to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors, to express an opinion on the consolidated Ind AS financial statements. We are responsible for the direction, supervision and performance of the audit of the Ind AS financial statements of such entities included in the consolidated Ind AS financial statements of which we are the independent auditors. For the other entities included in the consolidated Ind AS financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

The consolidated financial statements also include the group's share of net profit for the year ended March 31, 2025 as considered in the consolidated financial statements, in respect of 1 associate, whose financial statements have not been audited by us. This financial statement has been audited by other auditors whose reports have been furnished to us by the management and our opinion on consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of that associate, and our report in terms of sub-sections (3) and (11) of section 143 of the Act, in so far as it relates to the aforesaid associate, is based solely on the reports of the auditors.

Our opinion on consolidated financial statements, and our report on other legal and regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditor and the financial statement certified by the management.

Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of **M/s. Avonmore Capital & Management Services Limited** as of and for the year ended March 31, 2025, we have audited the internal financial controls over financial reporting of **Avonmore Capital & Management Services Limited** (hereinafter referred to as the "holding company") and its subsidiary companies, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary companies, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these consolidated financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, with reference to these consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the

internal financial controls over financial reporting with reference to these consolidated financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting with reference to these consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting with reference to these consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with references to these consolidated financial statements to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, and its subsidiary companies, have, maintained in all material respects, an adequate internal financial controls system over financial reporting with reference to these consolidated financial statements and such internal financial controls over financial reporting with reference to these consolidated financial statements were operating effectively as at 31 March 2025, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The consolidated financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Net defined benefit (asset)/ liability	Fair value of plan assets less present value of defined benefit obligations

(vi) **Use of estimates and judgements**

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the related disclosures. Actual results may differ from these estimates.

Significant management judgements

Recognition of deferred tax assets – The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilised.

Business model assessment - The Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortised cost that are derecognised prior to

their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and accordingly prospective change to the classification of those assets are made.

Evaluation of indicators for impairment of assets – The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

Classification of leases – Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Group's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Group has concluded that no changes are required to lease period relating to the existing lease contract.

Expected credit loss (ECL) – The measurement of expected credit loss allowance for financial assets measured at amortised cost requires use of complex models and significant assumptions about future economic conditions and credit behaviour (e.g. likelihood of customers defaulting and resulting losses). The Group makes significant judgements regarding the following while assessing expected credit loss:

- Determining criteria for significant increase in credit risk;
- Establishing the number and relative weightings of forward-looking scenarios for each type of product/market and the associated ECL; and
- Establishing groups of similar financial assets for the purposes of measuring ECL.

Provisions – At each balance sheet date, based on the management judgment, changes in facts and legal aspects, the Group assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

Significant estimates

Useful lives of depreciable/amortisable assets – Management reviews its estimate of useful lives, residual values and method of depreciation of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of assets.

Defined benefit obligation (DBO) – Management's estimate of the DBO is based on several underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurements – Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

2.1 Summary of significant accounting policies

(i) Stock-in-trade

A financial instrument is classified as held for trading if it is acquired or incurred principally for selling or repurchasing in the near term, or forms part of a portfolio of financial instruments that are managed together and for which there is evidence of short-term profit taking, or it is a derivative not designated in a qualifying hedge relationship. Trading derivatives and trading securities are classified as held for trading and recognised at fair value.

Goods are valued at lower of cost or net realisable value. Cost comprises of all cost of purchase, cost of conversion and other cost incurred in bringing them to their respective present location and condition. Cost is determined using FIFO method of inventory valuation.

Consumables are valued at lower of cost or net realisable value.

(ii) Cash and cash equivalents

Cash and cash equivalents consist of cash, bank balances in current and short term highly liquid investments that are readily convertible to cash with original maturities of three months or less at the time of purchase.

(iii) Provisions, contingent liabilities and contingent assets

Provisions are recognised only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Group or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

(iv) Provisions for standard and non-performing assets

Provisions for standard and non-performing assets are created in accordance with the Non-Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2007.

Further, specific provisions are also created based on the management's best estimate of the recoverability of non-performing assets.

(v) Property, plant and equipment

Recognition and initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance costs are recognised in statement of profit and loss.

Subsequent measurement (depreciation method, useful lives and residual value)

Property, plant and equipment are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on property, plant and equipment is provided on the written-down value method over the useful life of the assets as prescribed under Part 'C' of Schedule II of the Companies Act, 2013.

Asset class	Useful life
Building	60 years
Plant and machinery	15 years
Office equipment	5 years
Computer equipment	3 years
Furniture and fixtures	10 years
Vehicles	8-10 years

Depreciation is calculated on pro rata basis from the date on which the asset is ready for use or till the date the asset is sold or disposed.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in the statement of profit and loss, when the asset is de-recognised.

Capital work-in-progress

Capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses to acquire property, plant and equipment. Assets which are not ready for intended use are also shown under capital work-in-progress.

(vi) **Intangible assets**

Recognition and initial measurement

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price including license fees paid, import duties and other taxes (other than those subsequently recoverable from taxation authorities), borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

Subsequent measurement (amortisation method, useful lives and residual value)

Intangible assets are amortised over a period of specific life from the date when the assets are available for use. The estimated useful life (amortisation period) of the intangible assets is arrived basis the expected pattern of consumption of economic benefits and is reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

Investment Property

Property that is held to earn rentals and for capital appreciation. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized. Subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16's requirements for cost model.

(vii) **Revenue from operations**

Revenue is recognised upon transfer of control of promised product or services to customer in an amount that reflect the consideration which the Group expects to receive in exchange for those product or services at the fair value of the consideration received or receivable, which is generally the transaction price, net of any taxes/duties and discounts.

The Group disaggregates revenue from contracts with customers by industry verticals and nature of services .

Revenue from related parties is recognised based on transaction price which is at arm's length.

Loans advanced /Interest bearing securities and deposits

Revenues are recognised as earned on a day-to-day basis.

In case of interest on investments held as stock in trade, broken period interest on every purchase or sale is split from the price as accrued interest paid or realised. Such broken period accrued interest paid on purchase and received subsequently on its sale is netted and reckoned as income.

Advisory and consultancy services

Fee is booked on the completion of task/project as per the terms of agreement. However, where the percentage of completion is significant enough to ascertain the outcome reliably, revenue is recognised to the extent it can be accurately measured.

Wealth/broking activities

Income from broking on distribution operations is recognised on the closure of the issue of mutual funds, bonds, fixed deposits and other money market instruments. Income from stock broking operations is accrued on completion of transaction at the stock exchanges for commission from broking operations.

In the case of trading in bonds, the profit/ loss from the transaction is recognised on the closure of the deal and consequent delivery of the bond.

Income from investment banking activities and other fees is recognised as and when such services are completed / performed and as per terms of agreement with the client (i.e. when the performance obligation is completed).

Income from depository operations is accounted when the performance obligation is completed.

Commission (net of taxes and other statutory charges) income from distribution of financial products is recognised based on mobilisation and intimation received from clients/ intermediaries or over the period of service after deducting claw back as per the agreed terms.

Brokerage and other revenue from operations are recognised net of GST wherever applicable.

Trading activities

In the case of trading in bonds, the profit/ loss from the transaction is recognised on the closure of the deal and consequent delivery of the bond.

Revenue on account of trading in shares is recognised on the basis of each trade executed at the stock exchange during the financial year.

In respect of non-delivery based transactions such as derivatives and intraday, the profit and loss is accounted for at the completion of each settlement, however in case of an open settlement the net result of transactions which are squared up on FIFO basis is recognised as profit/loss in the account.

Eye services

Revenue from eye care services is recognised in the profit and loss over the period of service in proportion to the stage of completion of the services at reporting date.

Fee is recorded at invoice value, net of discounts and taxes if any.

Income from non-performing assets

Income from non-performing assets is recognised as per the guidelines of the RBI on prudential norms for income recognition of NBFCs.

Penal interest on delayed payments

They are recognised on cash basis.

Professional fees

Revenue from brokerage and other revenues from operation are recognised upon transfer of control of promised service to customer in an amount that reflect the consideration which the Group expects to receive in exchange for those services at the fair value of the consideration received or receivable, which is generally the transaction price, net of any discounts.

Revenue from commission

Revenue in respect of commissions received is recognised in profit and loss over the period of contract in proportion to the stage of completion of the services at the reporting date. The stage of completion is assessed as per the terms of the agreement. Fee is recorded at invoice value, net of discounts and taxes, if any.

Interest income

Under Ind AS 109 interest income is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at FVTPL.

The EIR in case of a financial asset is computed:

- As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- By considering all the contractual terms of the financial instrument in estimating the cash flows.
- Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in the Statement of profit and loss with the corresponding adjustment to the carrying amount of the assets.

Interest income on credit impaired assets is recognised by applying the effective interest rate to the net amortised cost (net of provision) of the financial asset.

Net fair on fair value changes

Any differences between the fair values of financial assets (including investments, derivatives and stock in trade) classified as fair value through the profit or loss ("FVTPL") (refer Note 53), held by the Group on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under Revenue from operations and if there is a net loss the same is disclosed under "Expenses" in the statement of profit and loss.

However, net gain / loss on de-recognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of profit and loss.

Other interest income

Other interest income is recognised on time proportion basis considering the amount outstanding and the rate applicable.

Dividend

Revenue is recognised when the Group's right to receive payment is established by the balance sheet date.

Other revenue

In respect of other heads of income, the Group follows the practice of recognising income on accrual basis.

(viii) Expenses

Expenses are recognised on accrual basis and provisions are made for all known losses and liabilities. Expenses

incurred on behalf of other companies, in India, for sharing personnel, common services and facilities like premises, telephones, etc. are allocated to them at cost and reduced from respective expenses.

Similarly, expenses allocation received from other companies is included within respective expense classifications.

(ix) Borrowing costs

Borrowing costs that are directly attributable to the acquisition and/or construction of a qualifying asset, till the time such qualifying assets become ready for its intended use, are capitalised. Borrowing costs consists of interest and other cost that the Group incurred in connection with the borrowing of funds. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss as incurred basis the effective interest rate method.

(x) Taxation

Tax expense recognised in Statement of Profit and Loss comprises the sum of deferred tax and current tax except to the extent it recognised in other comprehensive income or directly in equity.

Current tax comprises the tax payable or receivable on taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. Current tax is computed in accordance with relevant tax regulations. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received after considering uncertainty related to income taxes, if any. Current tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum alternate tax ('MAT') credit entitlement is recognised as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purposes and corresponding amount used for taxation purposes. Deferred tax assets are recognised on unused tax loss, unused tax credits and deductible temporary differences to the extent it is probable that the future taxable profits will be available against which they can be used. This is assessed based on the Group's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that

future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date to recover or settle the carrying amount of its assets and liabilities. Deferred tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity).

(xi) Employee benefits

Short-term employee benefits

Short-term employee benefits including salaries, short term compensated absences (such as a paid annual leave) where the absences are expected to occur within twelve months after the end of the period in which the employees render the related service, profit sharing and bonuses payable within twelve months after the end of the period in which the employees render the related services and non-monetary benefits for current employees are estimated and measured on an undiscounted basis.

Post-employment benefit plans are classified into defined benefits plans and defined contribution plans as under:

Defined contribution plans

The Group has a defined contribution plans namely provident fund, pension fund and employees state insurance scheme. The contribution made by the Group in respect of these plans are charged to the Statement of Profit and Loss.

Defined benefit plans

The Group has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. Under the defined benefit plans, the amount that an employee will receive on retirement is defined by reference to the employee's length of service and last drawn salary. The legal obligation for any benefits remains with the Group, even if plan assets for funding the defined benefit plan have been set aside. The liability recognised in the statement of financial position for defined benefit plans is the present value of the Defined Benefit Obligation (DBO) at the reporting date less the fair value of plan assets. Management estimates the DBO annually with the assistance of independent actuaries. Actuarial gains/losses resulting from re-measurements of the liability/asset are included in other comprehensive income.

Other long-term employee benefits

The Group also provides the benefit of compensated absences to its employees which are in the nature of long-term employee benefit plans. Liability in respect of compensated absences becoming due and expected to avail after one year from the Balance Sheet date is estimated in the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method

as on the reporting date. Actuarial gains and losses arising from experience and changes in actuarial assumptions are charged to Statement of Profit and Loss in the year in which such gains or losses are determined.

(xii) Leases

Group as a lessee

The Group's lease asset classes primarily consist of leases for land and buildings. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Group has substantially all the economic benefits from use of the asset through the period of the lease and
- (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Group changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Group as a lessor

Leases for which the Group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the ROU asset arising from the head lease.

For operating leases, rental income is recognised on a straight-line basis over the term of the relevant lease.

(xiii) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss (interest and other finance cost associated) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xiv) Foreign currency

Transactions and balances

Foreign currency transactions are translated into the functional currency, by applying the exchange rates on the foreign currency amounts at the date of the transaction. Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction.

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognised in the Statement of Profit and Loss in the year in which they arise.

(xv) Impairment of assets

a) Impairment of non-financial assets

At each reporting date, the Group assesses whether there is any indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset required, the Group estimates the assets recoverable amount. An asset's recoverable is the higher of an asset's fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets.

If such assets are considered to be impaired, the impairment to be recognised in the Statement of profit and loss is measured by the amount by which the

carrying amount value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) has no impairment loss been recognised for the asset in prior years.

b) Impairment of financial assets

The Group recognises loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit and loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The Group applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the Group does not track changes in credit risk, but instead recognise a loss allowance based on lifetime ECLs at each reporting date. The Group established a provision matrix that is based on its historical credit loss experience, adjusted for forward looking factors specific to the debtors and the economic environment.

For all other financial assets, expected credit loss are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in the Statement of profit and loss.

(xvi) Financial instruments

A Financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs. Subsequent measurement of financial assets and financial liabilities is described below.

Non-derivative financial assets

Subsequent measurement

i. Financial assets carried at amortised cost – a financial asset is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss.

- ii. **Investments in equity instruments** – Investments in equity instruments which are held for trading are classified as at fair value through profit or loss (FVTPL). For all other equity instruments, the Group makes an irrevocable choice upon initial recognition, on an instrument by instrument basis, to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL). Amounts presented in other comprehensive income are not subsequently transferred to profit or loss. However, the Group transfers the cumulative gain or loss within equity. Dividends on such investments are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment.

De-recognition of financial assets

Financial assets (or where applicable, a part of financial asset or part of a group of similar financial assets) are de-recognised (i.e. removed from the Group's balance sheet) when the contractual rights to receive the cash flows from the financial asset have expired, or when the financial asset and substantially all the risks and rewards are transferred. Further, if the Group has not retained control, it shall also de-recognise the financial asset and recognise separately as assets or liabilities any rights and obligations created or retained in the transfer.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

First loss default guarantee

First loss default guarantee contracts are contracts that require the Group to make specified payments to reimburse the bank and financial institution for a loss it incurs because a specified debtor fails to make payments when due, in accordance with the terms of an agreement. Such financial guarantees are given to banks and financial institutions, for whom the Group acts as 'Business Correspondent'.

These contracts are initially measured at fair value and subsequently measure at higher of:

- The amount of loss allowance (calculated as described in policy for impairment of financial assets)
- Maximum amount payable as on the reporting date to the respective bank/financial institution which is based on the amount of loans overdue for more than 75-90 days in respect to agreements with banks and financial institutions.

Further, the maximum liability is restricted to the cash outflow agreed in the agreement.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(xvii) Operating segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the Group), whose operating results are regularly reviewed by the Group's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available. Operating segments of the Group are reported in a manner consistent with the internal reporting provided to the CODM.

(xviii) Share based payment

The Employees Stock Option Scheme ("the Scheme") provides for grant of equity shares of the parent company to whole-time directors and employees of the parent company. The fair value of options granted under Employee Stock Option Plan is recognised as an employee benefits expense with a corresponding increase in other equity. The total amount to be expensed is determined by reference to the fair value of the options. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the Group revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in Statement of Profit and Loss, with a corresponding adjustment to equity.

(xix) Equity investment in subsidiaries

Investments representing equity interest in subsidiaries are accounted for at cost in accordance with Ind AS 27 Separate Financial Statements.

(xx) Government grants

Grants and subsidies from the government are recognised when there is reasonable assurance that:

- the Group will comply with the conditions attached to them, and
- the grant/subsidy will be received.

Grant or subsidy relates to revenue, it is recognised as income on a systematic basis in profit or loss over the periods necessary to match them with the related costs, which they are intended to compensate.

2.2 New standards or amendments to the existing standards and other pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As on 31st March 2025, there is no new standard notified or amendment to any of the existing standards under Companies (Indian Accounting Standards) Rules, 2015.

C. Estimation of fair values

The group obtains independent valuations for each of its investment property by external, independent property valuers, having appropriate recognised professional qualifications and recent experience in the location and category of the property being valued.

Fair market value is the amount expressed in terms of money that may be reasonably be expected to be exchanged between a willing buyer and a willing seller, with equity or both. The valuation by the valuer assumes that group shall continue to operate and run the assets to have economic utility.

Notes to consolidated financial statements for the year ended March 31, 2025

(All amounts are in Rupees in Lac , unless otherwise stated)

Valuation technique:

Under the market comparable method (or market comparable approach), a property's fair value is estimated based on comparable transactions. The market comparable approach is based upon the principle of substitution under which a potential buyer will not pay more for the property than it will cost to buy a comparable substitute property. In theory, the best comparable sale would be an exact duplicate of the subject property and would indicate, by the known selling price of the duplicate, the price for which the subject property could be sold. The unit of comparison applied by the group is the price per square metre (sqm).

Fair value hierarchy:

The fair value measurement for the investment property has been categorised as a Level 2 fair value based on the inputs to the valuation technique used.

The valuation techniques and the inputs used in the fair value measurement categorised within Level 2 of the fair value hierarchy is as follows:

Valuation technique

Market method

Investment property consists of commercial office spaces and residential flats in various places over India. During financial year 2024-25, the company has revalued the investment property at fair value for disclosure purpose and is based on the valuation by a registered valuer as defined under Rule 2 of Companies (Registered Valuers and Valuation) Rules , 2017.

Title Deeds of investment properties are in name of the Company.

44 Operating segments

A Basis of segmentation

Segment information is presented in respect of the group's key operating segments. The operating segments are based on the group's management and internal reporting structure. The chief operating decision maker identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly. All operating segments' operating results are reviewed regularly by the Board of Directors to make decisions about resources to be allocated to the segments and assess their performance.

The 'Board of Directors' have been identified as the Chief Operating Decision Maker (CODM), since they are responsible for all major decision with respect to the preparation and execution of business plan, preparation of budget, planning, expansion, alliance, joint venture, merger and acquisition, and expansion of any facility.

The Board of Directors examines the group's performance both from a product and geographic perspective and have identified the following reportable segments of its business:

The following summary describes the operations in each of the group's reportable segments:

Level 1: It includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments.

The carrying amounts of trade receivables, trade payables, cash and cash equivalents and other financial assets and liabilities, approximates the fair values, due to their short-term nature. Fair value of financial assets which includes bank deposits (due for maturity after twelve months from the reporting date) and security deposits is similar to the carrying value as there is no significant differences between carrying value and fair value.

The fair value for security deposits were calculated based on discounted cash flows using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

Valuation processes

The Management performs the valuations of financial assets and liabilities required for financial reporting purposes on a periodic basis, including level 3 fair values.

b). Financial risk management

The group has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Interest rate risk

Risk management framework

The group's Board of Directors has overall responsibility for the establishment and oversight of the group's risk management framework. The Board of Directors have authorised senior management to establish the processes and ensure control over risks through the mechanism of properly defined framework in line with the businesses of the group.

Notes to consolidated financial statements for the year ended March 31, 2025

(All amounts are in Rupees in Lac , unless otherwise stated)

b). Financial risk management (continued)

The group's risk management policies are established to identify and analyse the risks faced by the group, to set appropriate risks limits and controls, to monitor risks and adherence to limits. Risk management policies are reviewed regularly to reflect changes in market conditions and the group's activities.

The group has policies covering specific areas, such as interest rate risk, foreign currency risk, other price risk, credit risk, liquidity risk, and the use of derivative and non-derivative financial instruments. Compliance with policies and exposure limits is reviewed on a continuous basis.

(i) Credit risk

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the balance sheet

Particulars	As at March 31, 2025	As at March 31, 2024
Cash and cash equivalents	3,096.97	1,296.56
Bank balances other than above	95.56	90.39
Trade receivables	5,950.41	6,864.34
Other receivables	38.49	44.07
Inventories	1,261.87	1,177.06
Loans	10,351.16	9,848.78
Investments	16,603.85	14,146.37
Other financial assets	8,680.73	6,959.19

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers.

The Group's credit risk is primarily to the amount due from customer and investments. The Group maintains a defined credit policy and monitors the exposures to these credit risks on an ongoing basis. Credit risk on cash and cash equivalents is limited as the Group generally invests in deposits with scheduled commercial banks with high credit ratings assigned by domestic credit rating agencies.

The maximum exposure to the credit risk at the reporting date is primarily from trade receivables. Trade receivables are unsecured and are derived from revenue earned from customers primarily located in India. The Group does monitor the economic environment in which it operates. The Group manages its Credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of customers to which the Group grants credit terms in the normal course of business.

On adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company establishes an allowance for impairment that represents its expected credit losses in respect of trade receivable. The management uses a simplified approach (i.e. based on lifetime ECL) for the purpose of impairment loss allowance, the company estimates amounts based on the business environment in which the Company operates, and management considers that the trade receivables are in default (credit impaired) when counterparty seems partly or fully doubtful to pay its obligations.

Wherever the provision matrix cannot be applied to calculate a default risk rate, the Group creates a provision on a certain percentage of its receivables, following the prudence approach of accounting.

When a trade receivable is credit impaired, it is written off against trade receivables and the amount of the loss is recognised in the income statement. Subsequent recoveries of amounts previously written off are credited to the income statement.

Trade receivables as at year end primarily relate to revenue generated from rendering of services. Trade receivables are generally realised within the credit period.

This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors. Further, the Group does not anticipate any material credit risk of any of its other receivables.

Movement in the allowance for impairment in respect of trade receivables:

b). Financial risk management (continued)

(ii) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group believes that its liquidity position, including total cash (including bank deposits under lien and excluding interest accrued but not due) of Rs. 3192.53 lac as at March 31, 2025 (March 31, 2024: Rs. 1386.95 lac) and the anticipated future internally generated funds from operations will enable it to meet its future known obligations in the ordinary course of business.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Group's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserves of cash and funding from group companies to meet its liquidity requirements in the short and long term.

The Group's liquidity management process as monitored by management, includes the following:

- Day to day funding, managed by monitoring future cash flows to ensure that requirements can be met.
- Maintaining rolling forecasts of the Group's liquidity position on the basis of expected cash flows.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and includes interest accrued but not due on borrowings.

As at March 31, 2025	Carrying amount	Contractual cash flows

Total	11,568.72	6,548.05	4,789.30	11,568.72

The above amounts reflects the contractual undiscounted cash flows which may differ from the carrying value of the liabilities at the reporting date.

iii). Market risk

Market risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, the group mainly has exposure to two type of market risk namely: currency risk and interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The group's main interest rate risk arises from long-term borrowings with variable rates, which expose the group to cash flow interest rate risk.

Exposure to interest rate risk

The group's interest rate risk arises majorly from the term loans from banks carrying floating rate of interest. These obligations exposes the group to cash flow interest rate risk. Since there were no borrowings by the Group with floating interest rates, the Group is not exposed to interest rate risk as of the reporting date.

52 Capital Management

For the purpose of the Group's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity holders of the Group.

Management assesses the Group's capital requirements in order to maintain an efficient overall financing structure. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

To maintain or adjust the capital structure, the Group may return capital to shareholders, raise new debt or issue new shares.

The group monitors capital on the basis of the debt to capital ratio, which is calculated as interest-bearing debts divided by total capital (equity attributable to owners of the parent plus interest-bearing debts).

EXPLANATORY STATEMENT IN RESPECT OF THE SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

As required by Section 102 of the Companies Act, 2013 (the Act), the following Explanatory Statement sets out all material facts relating to the business mentioned under Item Nos. 3 & 4 of the accompanying Notice dated September 30, 2025

Item No.3:

Pursuant to provisions of Section 204 of the Companies Act, 2013 ("Act") and rules framed thereunder, every listed company is required to annex with its Board's Report, a secretarial audit report, issued by a Practicing Company Secretary. In this regard, the Board of Directors ("Board") of the Company at its meeting held on August 14, 2024 had appointed M/s Neeraj Gupta & Associates., as Secretarial Auditors of the Company for the Financial Year 2024-25.

M/s Neeraj Gupta & Associates had expressed its willingness to continue as Secretarial Auditor of the Company.

In view of above and pursuant to provisions of newly amended Regulation 24A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("**SEBI LODR Regulations**") and based on recommendation of Audit Committee and subject to approval of Members at ensuing Annual General Meeting, after evaluating and considering various factors such as industry experience,

competency of the audit team, efficiency in conduct of audit, independence among others, the Board at its meeting held on July 31 2025, approved appointment of M/s Neeraj Gupta & Associates, Peer-Reviewed Practicing Company Secretaries Firm, as Secretarial Auditors of the Company, for a term of 5 (five) consecutive years viz. commencing from April 1, 2025 to March 31, 2030 at a remuneration of INR 40,000 for financial year 2025-26 plus out of pocket expenses, if any, incurred during the course of audit. The remuneration for subsequent financial years during the tenure of its appointment, shall be decided by the Board, on recommendation of Audit Committee, in consultation with the Secretarial Auditors.

M/s Neeraj Gupta & Associates was established by Mr. Neeraj Gupta, Fellow Member of Institute of Company Secretaries of India and having experience of over 25 years with wide and extensive experience in Secretarial Audit, Corporate Governance Services, Legal Drafting, Opinions, Due Diligence Report to RBI under multiple banking or consortium lending arrangements postal ballot, Support in FEMA compliances and dealing with RBI for statutory filing and compounding of FEMA offences by RBI, Providing conversion services of financial statements into XBRL, Liquidation, strike off & winding up of companies, Drafting of Agenda, Resolutions, Notice & Minutes of various meetings of the company, Compounding of Offence under Companies Act, Secretarial compliance support, conducting secretarial audit, Drafting/vetting of Shareholders Agreement, Joint Venture, legal and commercial contracts, undertaking, declarations, partnership deed, etc., Maintenance of statutory registers & other records as required under the Companies Act.

M/s Neeraj Gupta & Associates have provided their written consent to act as Secretarial Auditors of the Company and submitted necessary peer review certificate and other requisite disclosures/declarations in accordance with provisions of Regulation 24A of the SEBI LODR Regulations, 2015 and Section 204 of the Act and rules framed thereunder.

The services to be rendered by M/s Neeraj Gupta & Associates as Secretarial Auditors is within the purview of the said Regulation read with SEBI circular no. SEBI/HO/CFD/CFDPoD- 2/CIR/P/2024/185 dated December 31, 2024.

None of the Directors and/or Key Managerial Personnel and/or their respective relatives are concerned or interested financially or otherwise, in this resolution.

The Board recommends the resolution as set out in Item No. 3 of the accompanying Notice for the approval of the Members by way of an Ordinary Resolution.

Item No.4:

Mr. Ashok Kumar Gupta, Managing Director of the Company, since 2011. His latest re-appointment was for a period of 5 years w.e.f. 1st December, 2021. Shareholder of the Company in its meeting held on 29th September 2022 had approved for payment of remuneration for his tenure ending on 30 December, 2026.

Further the Compensation Committee of Almondz Global Securities Limited (Subsidiary Company) at its meeting held on 26th August 2019 approved and granted some of Stock Option as per the subsidiary Company's ESOP Scheme. Consequent to such grants certain options were vested in Mr. Ashok Kumar Gupta.

During the financial year 2023-24, as per vesting schedule under ESOP Scheme 20007, certain number of options were allotted and exercised by him. Taking into account the perquisite value which gets added to his remuneration, the total managerial remuneration payable to him exceeds the limits approved by the shareholders. This increase is purely due to inclusion of the perquisite value of options exercised by him.

He is further entitled to exercise balance options in future during the remaining period of his tenure ending on 30th December, 2026. No cash pay-out has been made to him. His cash remuneration excluding the perquisite value arising out of ESOPs is well within the prescribed limits under section 197 of the Companies Act, 2013 read with Schedule V and approved by the shareholders.

The value of perquisite earned by Mr. Ashok Kumar Gupta has been derived as under:

Name of Employee	No. of Shares Allotted against exercise of Options	Date of exercise	Exercise Price (Per Share) (Rs.)	Fair Market Value (per share) (Rs.)	Aggregate Perquisite Value (Rs.)
Ashok Kumar Gupta	50,000	07.05.2024	10	106.60	4830000
	450000	06.08.2024	1.6667	36.07	15481500
	600000	08.10.2024	1.6667	30.20	17120000
	Total				37431500

Further on the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company at its meeting held on July 31, 2025, approved and accordingly recommends to the members an increase in the managerial remuneration limit in thereby seeking Members consent to ratify the excess amount of Rs. 3.74 cr paid to Mr. Ashok Kumar Gupta during the year 2024-25. This has not entailed any additional cash outflow for the Subsidiary Company but merely an addition of perquisite value to his total remuneration.

The Board of Directors recommends the proposal and the resolution for approval of members of the Company, as set out at Item No.4 of the Notice.

Except Mr. Ashok Kumar Gupta and his relatives, none of the other Directors, Key Managerial Personnel or any of their respective relatives are, in any way, concerned or interested, whether financially or otherwise, in this resolution. Mr. Ashok Kumar Gupta is not related to any other Director or Key Managerial Personnel of the Company or relatives of the Directors or Key Managerial Personnel.

Item No. 5 to 9

Pursuant to Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, ("SEBI Listing Regulations"), as amended, any transaction with a related party shall be considered material, if the transaction(s) entered into/to be entered into individually or taken together with previous transactions during a financial year exceeds Rs. 1,000 crores or 10% of the annual consolidated turnover of the listed Company as per the last audited financial statements of the listed company, whichever is lower. All material related party transactions ("RPTs") shall require prior approval of shareholders by means of an ordinary resolution, even if the transactions are in the ordinary course of business of the concerned company and on an arm's length basis.

The provisions of Regulations 23(4) requiring approval of the shareholders are not applicable for material RPTs entered into between a holding company and its wholly owned subsidiary and material RPTs entered into between two wholly owned subsidiaries of the listed holding company, whose accounts are consolidated with such holding company and placed before the shareholders at the general meeting for approval.

Further, Regulation 2(1)(zb) of the SEBI Listing Regulations provides the definition of related party and Regulation 2(1)(zc) of the SEBI Listing Regulations has enhanced the definition of a related party transaction which now includes a transaction involving transfer of resources, services or obligations between: (i) a listed entity or any of its subsidiaries on one hand and a related party of the listed entity or any of its subsidiaries on the other hand; or (ii) a listed entity or any of its subsidiaries on one hand and any other person or entity on the other hand, the purpose and effect of which is to benefit any related party of the listed entity or any of its subsidiaries, regardless of whether a price is charged. In addition, a transaction with a related party is construed to include a single transaction or a group of transactions in a contract.

Accordingly, RPTs of Avonmore Capital & Management Services Limited ("Company" or "ACMS") and RPTs of its subsidiary entities exceeding the aforesaid threshold of Rs. 1,000 crores are placed for the approval of the shareholders of the Company ("Shareholders" or "Members") vide Resolution Nos. 5 to 9.

The Audit Committee comprises three directors, two are Independent and one is non-Executive Director. The Company has provided the audit committee of the Company ("Audit Committee") with the relevant details of the proposed material RPTs, as required under the regulations, including material terms and basis of pricing. The Audit Committee and the Board of Directors including Independent Directors, after reviewing all necessary information, have unanimously granted approval for entering into the below-mentioned material RPT. The Audit Committee has further noted that the transactions will be at an arms' length basis and are also in the ordinary course of business of the Company. Accordingly, basis the approval of the Audit Committee, the board of directors of the Company ("Board") recommends the resolution contained in Item Nos. 5 to 9 of the accompanying Notice to the Shareholders for approval.

In terms of the provisions of the SEBI Listing Regulations, the related parties as defined thereunder (whether such related party or parties are a party to the aforesaid transactions or not), shall not vote to approve resolutions under Item Nos. 5 to 9.

INSTRUCTIONS FOR ATTENDING AND VOTING IN AGM

- I. As you are aware, in view of the situation arising due to COVID-19 global pandemic, the general meetings of the companies shall be conducted as per the guidelines issued by the Ministry of Corporate Affairs (MCA) vide Circular No. 14/2020 dated April 8, 2020, Circular No.17/2020 dated April 13, 2020 and Circular No. 20/2020 dated May 05, 2020. The forthcoming AGM/EGM will thus be held through video conferencing (VC) or other audio visual means (OAVM). Hence, Members can attend and participate in the ensuing AGM/EGM through VC/OAVM.
- II. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM/EGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the EGM/AGM will be provided by CDSL.
- III. The Members can join the EGM/AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the EGM/AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the EGM/AGM without restriction on account of first come first served basis.
- IV. The attendance of the Members attending the AGM/EGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
- V. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM/EGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM/EGM through VC/OAVM and cast their votes through e-voting.
- VI. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM/EGM has been uploaded on the website of the Company at www.avonmorecapital.in. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively. The AGM/EGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM/EGM) i.e. www.evotingindia.com.
- VII. The AGM/EGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.
- VIII. In continuation of this Ministry's **General Circular No. 20/2020**, dated 05th May, 2020 and after due examination, it has been decided to allow companies whose AGMs were due to be held in the year 2020, or become due in the year 2021, to conduct their AGMs on or before 31.12.2021, in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020 as per MCA circular no. 02/2021 dated January, 13, 2021.

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2: Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on **Saturday, September 27, 2025 (10:00 A.M. IST) and will end on Monday, September 29, 2025 (5:00 P.M. IST)**. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of i.e. **Tuesday, September 23, 2025** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.
